

Squadio Privacy Policy

Effective Date: May 2026

Welcome to Squadio.

Squadio ("we", "our", or "us") respects your privacy and is committed to protecting your personal information. This Privacy Policy explains how Squadio collects, uses, stores, protects, and retains your information when you use the Squadio mobile application ("App").

By using the App, you agree to this Privacy Policy.

1. About Squadio

Squadio is a sports booking and community platform designed for women in Saudi Arabia.

The App allows users to:

- Discover and book sports matches
 - Join padel, tennis, and badminton activities
 - Participate in match group chats
 - Receive match and booking notifications
 - Upload payment receipts for booking verification
-

2. Information We Collect

Account Information

We may collect:

- Display name
- Phone number
- Firebase Authentication user ID
- Account role (user/admin)
- Account creation date

Sports Information

We collect selected sports levels for:

- Padel
- Tennis
- Badminton

Booking Information

We collect booking-related information including:

- Match participation
- Booking status
- Booking timestamps
- Booking history

Payment Receipts

Users may upload:

- Images
- PDF files

as payment proof for booking confirmation.

Chat and Messaging Data

The App stores:

- Match group chat messages
- Support chat messages
- Poll responses and announcement interactions

Push Notification Data

The App stores Firebase Cloud Messaging (FCM) tokens for delivering notifications.

3. How We Use Your Information

We use collected information to:

- Create and manage accounts
- Verify phone number login using OTP authentication

- Manage sports match bookings and participation
 - Display user names and sports levels inside match groups
 - Process and review payment receipts
 - Provide support services
 - Send notifications and updates
 - Improve app functionality and user experience
 - Maintain moderation and community safety
-

4. Notifications

Squadio may send push notifications related to:

- Booking confirmations
 - Booking rejections
 - Match reminders
 - Event updates
 - New event announcements
 - Community announcements
 - Poll notifications
 - Spot availability alerts
 - Last spot warnings
 - Booking status updates
-

5. Payment Information

Squadio currently uses external payment methods for sports match reservations.

Users may upload payment receipts to verify bookings.

Squadio does not collect or store:

- Credit card information
- Debit card information
- Bank passwords
- Sensitive banking credentials

Payment receipts and certain archived booking records may be retained permanently for:

- Business proof
- Booking verification
- Fraud prevention
- Operational review
- Legal or administrative purposes

- Dispute resolution

Archived records may include:

- Name
- Phone number
- Match booking history
- Receipt references
- Account deletion timestamps

Archived data is never sold or publicly shared.

6. Data Sharing

Squadio does not sell user data or share it with advertisers.

Users participating in the same match may see:

- Display names
- Sports levels

Authorized administrators may access limited user information strictly for:

- Match management
 - Booking management
 - User account management
 - Community moderation
 - Customer support
 - Payment verification
 - Archived account management
 - Sending announcements and polls
 - Match creation and scheduling
 - Operational and administrative management
-

7. Third-Party Services

Squadio uses the following third-party services:

- Firebase Authentication
- Firebase Firestore
- Firebase Storage
- Firebase Cloud Messaging (FCM)

Firebase Analytics is disabled.

Squadio does not use:

- Advertising SDKs
 - Third-party tracking tools
 - Crashlytics
-

8. Permissions Requested

The App may request:

Photo Library Access

Used only for uploading payment receipts.

Push Notifications

Used for:

- Booking confirmations
- Booking rejections
- Match reminders
- Match updates
- New match announcements
- Community announcements
- Poll notifications
- Spot availability alerts
- Last spot warnings
- Booking status updates

Background App Refresh

Used to receive notifications when the App is closed.

The App does not request access to:

- GPS location
 - Contacts
 - Camera
 - Face ID
 - Biometrics
-

9. Location Information

Squadio does not access or track live GPS location.

Match locations are displayed only as manually added addresses or map links.

10. Data Storage and Security

All user data is stored using Firebase services.

We use reasonable security measures to help protect data from:

- Unauthorized access
- Misuse
- Loss
- Disclosure

All Firestore and Storage access requires authentication.

11. Data Retention

User Accounts

User profile data is retained until the account is deleted.

Bookings

Booking records are retained until account deletion. Archived copies may remain for business or legal purposes.

Chat Messages

Match group messages and support messages are retained until account deletion.

Notifications

Notifications may remain stored until deleted by the user or account deletion.

Payment Receipts

Payment receipts may be retained permanently for:

- Business proof
- Booking verification
- Fraud prevention
- Administrative review
- Legal compliance

Archived Records

Certain archived business records may be retained permanently after account deletion.

12. Account Deletion

Users can delete their account directly from the Profile section inside the App.

When an account is deleted, Squadio permanently removes active user data, including:

- User profile information
- Active bookings
- Notifications
- Match chat messages associated with the user
- Support chat data
- Firebase Authentication account

Certain archived business records may still be retained for:

- Business proof
- Payment verification
- Fraud prevention
- Operational review
- Legal or administrative purposes
- Dispute resolution

Archived records may include:

- Name
- Phone number
- Match booking history
- Receipt references
- Account deletion timestamps

Deleted active account data cannot be recovered.

13. Community Safety and Moderation

To help maintain a safe environment, Squadio administrators may:

- Review support conversations
- Moderate community activity
- Restrict or ban violating accounts
- Review payment receipts
- Manage matches and bookings
- Send announcements and polls
- Manage archived accounts

14. Children's Privacy

Squadio is intended for users aged 16 and older.

We do not knowingly collect personal information from users under the age of 16.

15. International Use

Squadio operates from the Kingdom of Saudi Arabia.

Some data may be processed through international cloud infrastructure such as Firebase services operated by Google.

16. Changes to This Privacy Policy

We may update this Privacy Policy from time to time.

Continued use of the App after updates means acceptance of the updated policy.
